Altered Esthetics is excited to announce the first show in our 2007 **ART EMERGENCY** exhibition series, Resident Artists II. The Resident Artists show will open on January 4th with the work of 20 nationally and internationally recognized artists working in sculpture, photography, illustrative and graphic arts. The diverse subject matter ranges from political to spiritual and from pop culture to nature. Featuring the work of artists that have regularly exhibited or volunteered at Altered Esthetics, the Resident Artists program helps further encourage the voices of the emerging and known artists that help make Altered Esthetics vibrant.

**Altered Esthetics** is a community gallery run by artists, for artists. Bringing together dimensional art, music, poetry, performance art, and film, we are one of the most creatively diverse galleries in the Twin Cities. Altered Esthetics holds group-shows so that multiple artists of all backgrounds can display their perspectives on a given theme, and works to sustain the historical role of artists as a true voice of society through exhibits, events, services, workshops, and programs.
